Catty Romance

By treaves

The writing was good, but the plot was one of the lamest I've ever read. A cat was the reason for the abduction which is downright silly. Throughout the whole story, I thought, this is not a good storyline when a cat is the focus of basically the whole romance/abduction. The romance was also just your typical scenario with nothing special happening there.

Loved it!

By Dorothy Crocker

Jennifer Blake just keeps greeting better! Dana Marsden is an Atlanta policewoman on vacation along the Amalfi Coast of Italy. Andrea Tonello is a wealthy bachelor with custody of his sisters champion Siamese cat, while his sister is going through a messy divorce and dispute over the cat. Dana and Andrea meet at the scene of an accident, then things really explode when Dana's car is sent over a cliff. Andrea wants to keep her safe at all costs, someone wants the cat at all costs. Who will win? Will Dana be able to forgive Andrea? You'll have to read the book to find the answers.

Nice romance

By Datadiva

The only thing that didn't set well with me was her quick acceptance of the abduction. Stockholm syndrome?
At any rate it was well balanced and I really liked the characters. And, who doesn't like Jennifer Blake.
