Range of Fashion

By Deanna Farnham

The pattern on the front cover is the only appealing item in the short list of five. I've done the sweater and I'm very happy with the results. Instructions were a bit vague in some areas, but for an experienced crafter this is fine. The other styles are very dated and I can't see ever making them. I really just paid for the one pattern. I'm happy with the purchase, but would have been happier if there was more than one useable pattern.

It's OK.

By Ken

I mainly bought the book for the pattern on the cover. I wasn't impressed by the other patterns (only 4) for the price of the book.

Great book

By Judy Hellmuth

This was a used book, so an excellent price and I received it way fast! To my delight, it was in "like new" condition even though the description said there were bent pages on one corner. Very pleased and can't wait to make the sweater on the cover, which was the reason I ordered the book.
