Nice quality set of books!

By Amy F.

This is a great set of Minecraft books! My 6 year old son has been begging for these for almost a year now, so I finally caved and bought these for a Christmas gift for him. I love that they are hardback books, as they can't bend and tear very easily. This is a solid and quality set of 4 books that come in a nice case, to keep them all together. This is a must have for any Minecraft fan! He's going to LOVE them - and I'm sure they'll all be out for information when he's playing it on our Xbox 360. The price is unbeatable - as I did a lot of research to find the best deal on them. Make sure you get the updated editions, so you can have the most 'to date' version of the books - although, in another 6 months, we'll probably need an updated version of the updated version. HA!
