LEVEL 4 - LESSON BOOK: PIANO ADVENTURES FROM FABER PIANO ADVENTURES PDF

(Faber Piano Adventures). The 2nd Edition Level 4 Lesson Book follows Piano Adventures Level 3B. The book is arranged by related major and minor keys, grounding the repertoire. The emphasis on root position V7 chords, arpeggios, and "Power Scales" links applied theory to the pieces being studied. Expressive repertoire selections build a strong foundation in harmony and technique.

Great Piano Book

By Becky C.

I love this series as a piano teacher. I have my students buy the Performance, Theory, Technique and Artistry, and Lesson books. They are really well rounded students.

6 of 6 people found the following review helpful.

Interesting for an adult learner

By Kaneonapua

I took up piano again as an adult to honor my late mother's wish that I learn to play. I prefer Piano Adventure more than John Thompson which I started on or Schwam. I like the Piano Adventure approach to music theory and think the separate theory book is a great introduction to music theory. The music lessons feature music that is a more modern. The music was written to teach specific things so it is clear what you need to learn. To me, each lesson can be learned and digested faster at this level than in some of the other classic lesson series. I feel more of sense that I am making progress and learning things than I did with John Thompson.

4 of 5 people found the following review helpful.

My favorite series

By RisaA

I have been really impressed with with the Piano Adventure series. I prefer it over the Bastian or Alfred books. I think there is a good variety in the books and the pieces are fun. I'd recommend all the Piano Adventures books.
