MINIONS: WHO'S THE BOSS? (PASSPORT TO READING LEVEL 2) BY LUCY ROSEN PDF

The story of Universal Pictures and Illumination Entertainment's Minions begins at the dawn of time. Starting as single-celled yellow organisms, Minions evolve through the ages, perpetually serving the most despicable of masters. Continuously unsuccessful at keeping these masters-from T. rex to Napoleon-the Minions find themselves without someone to serve and fall into a deep depression.

But one Minion named Kevin has a plan, and he-alongside teenage rebel Stuart and lovable little Bob-ventures out into the world to find a new evil boss for his brethren to follow.

The trio embarks upon a thrilling journey that ultimately leads them to their next potential master, Scarlet Overkill (Academy Award® winner Sandra Bullock), the world's first-ever female super-villain. They travel from frigid Antarctica to 1960s New York City, ending in mod London, where they must face their biggest challenge to date: saving all of Minionkind...from annihilation.

Featuring a soundtrack of hit music from the '60s that still permeates our culture today, Minions is produced by Illumination's Chris Meledandri and Janet Healy, and is directed by Pierre Coffin and Kyle Balda. Brian Lynch has written the screenplay for the 3D-CG comedy adventure, and Chris Renaud serves as executive producer of the film.

Retelling of the Minions Movie, But Incomplete Plot - Not Worth Buying

By Olivia Stabler

I got this book for my daughter, who loved the Minions movie and while she likes the book, I am disappointed with it. The illustrations are cute and are stills from the movie, but this is definitely not a level 2 book. It's more suited for a level 1 beginning reader. What I was most disappointed with was that the plot of the book is incomplete. The plot of the book is exactly from the movie - how the minions needed a boss and how they were unsuccessful with previous bosses such as the T-Rex, the vampire, and the caveman, which we would've been happy with if the rest of the storyline was included. The book ends at Kevin getting the idea to hunt for a new boss and him, Bob, and Stuart going off to find a new one. The part about them working for Scarlett Overkill and eventually finding Gru is completely missing, so for us, this book is incomplete and not worth even buying.

Part of the Minion Movie plot

By Tia's Kindle Shelf

"Minions: Who's the Boss?" is nothing more than a lot of pictures from the movie and a few lines that go with the pics that match the movie story line. The pictures were more amusing than the book itself, and it was very easy reading for my 5 year old.

We bought this from his school book flyer and it came with a cute Minion puzzle eraser, the eraser is probably the best thing about the set.

Two Stars

Awful. Basically it's the minions movie. The reading level is above a level 2.
