Now I give my wife multiple orgasms!

By Amazon Reviewer

I've always enjoyed giving oral sex but always felt I could do better. I checked out this book to see if I could and it didn't disappoint. I have been down on her twice now with these techniques and both times she has had multiple orgasms and much stronger than usual.

The author has a great understanding of what makes women tick in the bedroom and especially with oral sex. I explained it all to my wife and she agreed with everything.

It is not a chore

By Amazon Customer

My woman loves me to orally please her. She has multiple orgasms. Sometimes she likes the big "O", but other times I will lick her gently. She loves the attention, so I mix things up to keep her aroused and interested. She is worth every minute I invest.
