Need more Jackie Mercer books.

By Amazon Customer

After reading book one with great plot, romance, sex, more laughs in any book read in years disappointed so short and no book 3. Debra Webb better be writing a sequel or her readers may hire the investigator in this novel to track her down and force her to write.

Great book, too short

By Charlene Greenway

Great book, wish it had been longer. If you read the first one, Dirty, you can get the gist of this one. I hope she writes more of these, a full length one next time. The characters are great and have great chemistry, you will enjoy both.

I just love Jackie Mercer!

By C. Auriemma

I really enjoyed Dirty, so I couldn't wait to read Low Down. My only complaint is that it's over too soon. Jackie and Dawson are so good together, fun characters! Looking forward to the next installment!
