Yesterday, today, and tomorrow God heals, delivers, and sets the captive free!

After more than 35 years of investigating miracles for radio, television, and print, Sid Roth, a Jewish believer in Jesus, has compiled the most outstanding and verified healing miracles that he has discovered.

Sid is convinced that healing is for today. The same price that was paid for our sins also healed all our diseases. Healing is part of our inheritance.

The true-life testimonies in Supernatural Healing will build your faith for healing and the anointing will splash off the pages as you allow God to shower you with His glorious love.

As Sid likes to say, Healing is so easy to understand, you need help to get confused. Regrettably, generations of Christians have been raised to believe that healing is not for everyone.

Two thousand years ago, Yeshua (Jesus) entered a synagogue and said You are making the Word of God of no effect through your tradition! If Jesus went into most churches today, He would say the same thing.

Get ready. Things are about to change.

Just what the 'Body of Christ needs

By Mr. M. O'HARA

I have just read this book; having had a multitude of books on the subject of 'Divine Healing' my first thought was, "Do I really need another one"? However, because I have a keen interest in the subject I went and ordered it. Not just because of the subject matter but because it was partly authored/collated by Sid Roth. Anyone who knows anything about this awesome servant of the Most High knows full well that whatever Sid is involved with has to be quality and to be taken seriously- and they will be blessed by it. This book is no exception. It had me riveted from start to finish; and I wholeheartedly recommend it to anyone who wants to get to know God or deepen their relationship with him. The points in the book are written so clearly and I rate it one of the best books I have on the subject of Divine Healing. People looking for answers to how to get healed should acquire a copy.

Sid Roth supernatural Healing

By S. Augustine

This is an awesome book that will encourage and build personal faith and commitment to the Father's word. The author uses the personal testimonies of believers, who put their faith and trust into the word of God, when natural circumstances were impossible to overcome. Their testimonies will help others enforce the victory of our Lord Jesus over evil. Whatever trial or burden you face this book will help you to better understand the sword of the spirit. It will also show you how to abide in the truth of our loving Heavenly Father.

Worth every penny - one you'll want to read again

By Donald James. Parker

After reading this book, I was struck with the thought that God miracles need to be publicized. How many people are going to read this book on healing? Not enough. Stories like this should be part of a television series where each week a different miracles is featured in a dramatized presentation. I will never look at communion again after reading a chapter about it in this book. Psalms 91 will always stick out in my mind. This is one book that the hype does not exceed the contents. Ironically I read it while I was mildly sick so I appreciated it even more. When we are not at optimum health, our work for the kingdom is impeded.
