A beautiful addition to the world of Arzak.

By DDimas

I cannot read French. I have, though, read most of Moebius's English translated works though. This is one of the last books he ever drew and wrote, and it truly does live up to it's namesake and mythos. This is yet again, another stunning creation (and sadly, one of the last) by Jean "Moebius" Giraud. Even if you don't speak French, but your a fan of beautiful, otherworldly, and masterful artwork.....you should probably pick this up.

Pure brilliance

By Denny Borsboom

This is one of my Moebius favorites. Moebius' characteristic mix of surrealism and sci-fi, supported by brilliant drawings using perspectives only the master could envision. Even just the cover drawing is worth the price of the comic.
