Good Repair Manual

By James M

I've been using Haynes repair manuals for many years. I find them to be better than Chilton manuals most of the time. Chilton books have an annoying habit of not showing you the one critical piece of information that you need to know. I never seem to run into that problem with Haynes manuals. I definitely recommend this manual.

Good manual thanks!

By Robert Haines

I am familiar with Haynes manuals and have used them in the past. Knew what I was getting from the shipper
