RICK STEVES ITALY 2016 BY RICK STEVES PDF

You can count on Rick Steves to tell you what you really need to know when traveling in Italy.

From the beaches to the Alps, from fine art to fine pasta, Italy has it all. With this book, you'll trace Italian culture from Rome's Colosseum to Michelangelo's David to the bustling elegance of Milan. Experience the art-drenched cities of Venice and Florence, explore the ancient ruins of the Roman Forum, and learn how to avoid the lines at the most popular museums. Discover the villages of Tuscany and Umbria and the lazy rhythms of the Cinque Terre. Shop at local market stalls, sip a cappuccino at an outdoor café, and pick up a picnic lunch at an allimentari. Relax and enjoy the life of Bella Italia!

Rick's candid, humorous advice will guide you to good-value hotels and restaurants. He'll help you plan where to go and what to see, depending on the length of your trip. You'll get up-to-date recommendations about what is worth your time and money. More than just reviews and directions, a Rick Steves guidebook is a tour guide in your pocket.

One-stop shop for your trip planning

By Rahul

This book is amazing! Wife and I are planning our first trip abroad together and this book has EVERYTHING you need to plan a visit to Italy. We supplemented with other resources but if you start here, you will find everything you need. I appreciate especially the 'self-guided walking tours,' the extensive lodging & eating options, and the tips on how to reach your destinations after arriving in train stations or airports. There is even a priority list with recommended cities to see if you only have X number of days (anywhere from 4-21) days in country - but each city chapter also has a "Rome in a day" type section as well.

I do wish some of the maps were larger, but for planning purposes, this book is excellent.

I got 3 travel books, Lonely Planet, Frommers ...

By Carol

I got 3 travel books, Lonely Planet, Frommers, and Rick Steves. I find Rick Steves easiest to follow and I use it the most. But I also look at Framers and Lonely Planet when planning our trip. I'll probably take just the Rick Steves with us when we go.

Best of the 3 guidebooks I purchased for Italy

By lju

I have really been enjoying this guidebook. I have purchased 3 different guidebooks for my trip to Italy and this has been by far my favorite. It is very easy to read, provides some historic information but is by no means excessive like some of the other guidebooks. I feel like I am getting really good information from someone who has traveled to the area many many times. Rick adds something extra that the other guidebooks just don't do. For example, in the section of the cinque terre he discusses the hikes that are marked but also adds in a few detours of his own. I felt as I was reading like I was right there having a conversation with Rick. I would choose this guidebook over others for traveling in Italy. It is nice that you can rip pages out and leave the rest of the book home for areas tat you don't plan on traveling to. So many good tips in this book!
