This is easy, review the soft file of the book [*They Used Dark Forces \(Gregory Sallust Book 8\) By Dennis Wheatley*](#) and you get it.

THEY USED DARK FORCES (GREGORY SALLUST BOOK 8)

BY DENNIS WHEATLEY PDF

'Before there was James Bond, there was Gregory Sallust.' Tina Rosenberg, Salon.com

They Used Dark Forces is the eighth in Dennis Wheatley's bestselling Gregory Sallust series featuring the debonair spy Gregory Sallust, a forerunner to Ian Fleming's James Bond.

It is 1943 and secret agent Gregory Sallust parachutes into Nazi Germany. In the company of an ex-Bolshevik General, the two of them join forces with the widow of a German diplomat who is in contact with Allied Intelligence. It is through her that Gregory becomes unwillingly involved with a Black Magician.

Sixteen months later they meet again and decide to pool their knowledge of the dark arts, concocting a plan to use occult forces in an attempt to destroy Hitler once and for all.

Adventure and More

By david mills

This book, published in the 1930s, is somewhat different Wheatley fare. For one thing, it's unusually imaginative, with Wheatley's descriptions of aquatic and other life found by the protagonists during deep-sea exploration in quest of lost Atlantis believable and lively. Likewise enjoyable is the adventure the characters undergo when, saved by chance from stultifying death on the ocean floor, they encounter a race of horrible, fish-eating humanoids who chase them until they finally reach the lost island of Atlantis, now existing in a submerged but beautiful state, with a race of pleasure loving, peaceful survivors. The legend of Atlantis has fascinated many, and the book reveals how even decades ago people believed the lost continent to have stood on what is now the Azores. They Found Atlantis demonstrates the fascination that continues until today with the tale of a perfect world that was destroying itself before being destroyed.

Evil play in an Evil time.

By A. J. Cherrington

Using the Satanic occult in an attempt to bring down Hitler in WWII?

It's always fun when an author uses alternative means as to the fall of Nazi Germany or a parallel dimension to it's survival.

Here Dennis Wheatley uses one of the more famous events to portray his story. The fall of Hitler and the reason behind it, duping Hitler to believe that he will be resurrected as a superbeing that would rule the world. As if he wasn't trying to already.

A little dark for those with a weak stomach but you soon get use to it.

Just The Thing For An Intelligent 12-Year-Old

By Chris Ward

I read this when I was a kid and it really impressed me: derring-do, occult thrills, a hot dame, and Adolf Hitler. I dipped into it again years later and discovered a fairly pedestrian thriller, but if you're young and looking for seemingly arcane and forbidden reading, this will fill the bill. I read several other Wheatleys and this was, for my teenage (well, pre-teen) money, the best. It spurred a life-long interest in the occult. Though I remain a skeptic, I love reading about the mountebanks and charlatans who populate its byways. "They Used Dark Forces" boasts a nasty magus clearly based on Aleister Crowley, who was a thousand times more interesting than his fictional counterpart here. Still and all, good fun for an undemanding (or naive) reader....
