TELL ME BY DEANNA DILORENZO PDF

When Meagan Summers ends her three-year relationship with her deadbeat rocker boyfriend, the last thing she expects is to fall in love with a woman. Yet when she meets the beautiful blond poet, Amber Reed, that's exactly what happens.

But Meagan finds her relationship with Amber is fraught with just as many anxieties and frustrations as her previous relationships. She struggles to come to terms with her newfound attraction to Amber as she juggles work, familial expectations, and her own guilt and insecurity. At times it seems the only solace she can find is in the cherished moonstone ring her beloved grandmother bestowed upon her before she died, along with some sage advice Meagan is just now beginning to understand.

Yet soon Meagan discovers she can't be the person Amber needs her to be, and when their relationship comes to a dramatic end, Meagan finds herself fleeing to London in an attempt to put the pieces of her life back together. Just when she finally figures out how to make things right, a tragic accident occurs, threatening to undo everything and everyone around her.

A rare find

By Beyond the page

I've never written a review before but I liked this book so much I feel compelled to share. First, I could not put this book down- second the reviews I read really didn't prepare me for the incredible story that unfolds. There are many "just okay" books out there in this genre - so to find one that is really good is rare and exciting! The characters stayed with me for day's after- In fact I felt a loss when the story ended- but it didn't end abruptly and it wasn't too short- I just loved the characters, the story and the way it was written.

Tell me isn't your typical romance novel. The main character Meagan is flawed in fact at times I didn't like what she did or said but that's why this book is unique, the characters are like friends- you love them despite their short comings. Tell me is funny, sad, unpredictable, romantic, philosophical and deep. There are a few really good authors and books in lesbian romance and I would put Tell me right up there with them. I will definitely read this again and await more books by this author.

FLAWS? DO WE ALL HAVE YHEM?

By gayle pace

REVIEW:

The book was very well written. It was hard to read at times since the characters were going through so much. It takes you into the path of dark love. I would say it is quite realistic. The characters at times are not very likable but possibly can be saved. The characters are real. Sometimes you just wanted to slap Megan. The story winds and weaves just when you think you have the storyline down straight. This is a story of a relationship between two women and how one of them grows. The read opens your eyes and you realize that everyone is flawed only in different ways. Life is not always what we want it to be, but nonetheless, it is what it is and we must deal. Life isn't easy, and the struggles are hard but most of the time, it's worth it.

I would recommend this book to anyone that likes varied relationships. It's a good read, just a little difficult to get into at first.

I would give this book 4 STARS

I received a complimentary copy of the book TELL ME by the author Deanna DiLorenzo for this unbiased review.

A true work of art

By McKenzieK

Tell Me is the most riveting, raw, and powerful novel I've read in quite some time- a MUST READ. What makes this such a powerful story is the truth- the imperfect, human experience. There were several times throughout the course of this book that I had to put it down, walk away, and emotionally process what I, as the reader, just experienced. I went through a spectrum of emotion- I laughed, I cried, got very angry, and at times, was shocked. The characters the author writes about are intense. The "flaws" I saw in them, at times were flaws I see in myself. Throughout this story, I found myself reflecting inward and questioning decisions I have made, my character makeup, and relationships past. This novel accomplishes what a work of art is meant to do; hold the mirror up to the human experience, show the heightened truth, and inspire thought.

DiLorenzo's use of language and understanding of visceral human connection is incomparable- I cannot wait to see more work from this author!
