Pretty much a waste of time

By James

BF Skinner attempts to revisit Thoreau's Walden Utopia society, and improve on it. The problem remains the same. The utopian society is precariously set atop the way people ought to be, not how they are. Same tired presuppositions that some people have only because others have not. Pretty much a waste of time.

Don't Bother Unless You are Studying Communes

By Sheburnz

Very didactic. Contrived. Interesting ideas, but a struggle to plow through with a sudden change of heart of the narrator that has no real explanation.

Must read for anyone interested in the science of behavior

By Kara

Amazing read from over 70 years ago. Easy, engaging, brilliant. So strange that so little has changed. Behavioral science is our only hope for a better world.
