STEPHEN CURRY: RISE OF THE STAR. THE INSPIRING AND INTERESTING LIFE STORY FROM A STRUGGLING YOUNG BOY TO BECOME THE LEGEND. LIFE OF STEPHEN PDF

'I've never been afraid of big moments. I get butterflies. I get nervous and anxious, but I think those are all good signs that I'm ready for the moment' – Stephen Curry.

Stephen Curry was intent in showing the world that he was not just 'lucky' – he wanted to show that he deserved to be playing in the Finals. He deserved to be the MVP. He deserved to win a championship. He deserved to be recognised as one of the greatest players to ever play this game.

From humble beginnings, as the 7th pick in the 2009 NBA Draft that went relatively unnoticed, from having the one of worst records in the NBA in his first year as a Warrior, from being cast aside by critics for being always riddled with injury, he was now on the verge of ending all speculation once and for all as to whether his name deserved to be mentioned amongst the NBA greats.

All it took was just 12 more minutes, just 1 more quarter of basketball – with the Cleveland Cavalier fans booing him, the critics doubting him and the whole world watching him - he would show them just what he's capable of to succeed under pressure, a skill he has picked up and honed over all the years of his basketball life. After 12 minutes, the world would come to know of the legend of Stephen Curry – being one of the greatest shooter's to ever play the game of basketball. After 12 more minutes, Stephen Curry would be deemed a bonafide superstar. After 12 more minutes, Stephen Curry wouldn't be known as the guy who got 'lucky' to be MVP – he would go from being just another all-star, to being an NBA Champion and solidifying his status as an absolute force to be reckoned with in the league.

Interesting, engaging and easy to read, this book is about the rise of Stephen Curry, the Long-Shot, the MVP, and the Champion.

Get this book now and enjoy the journey of the greatest super star!

Inspiring for all ages!

By Robin Walton

Being a Northern California expatriate and a bit of a sports nut, I've loved watching the rise of the Golden State Warriors over the past couple of years. One of the happiest parts of that rise (beside their beautifully selfless teamwork) has been the emergence of Stephen Curry as MVP and NBA star. This book illustrates why.

The book is written nicely, where a youngster would enjoy it as well as an adult. Not "dumbed down" or oversimplified, just stated in a manner suited for all audiences. Curry himself makes for a terrific subject, not just because of his incredible skill as a player, but his humility, faith, and devotion to family. (After all, daughter Riley stole the show in the post-championship interviews!) His collegiate career is covered well, as is his earlier time in the NBA. He's not seen "in a bubble", either, but in the context of his team and other NBA standouts. (I mention that after having read a number of sports bios with little reference to anyone other than the subject.)

I would absolutely recommend this book for basketball fans, Warriors fans, Steph Curry/Splash Brothers fans, and anyone else, age can-read-reasonably-well to adult, who enjoys a book about a respected and talented young man whose hard work, faith and family have brought him to fame and success. I did receive a discount on this item in return for a fair and honest review.

awesome story of faith and basketball

By JYung

I loved how the story was written without ruining the events of his life for those who do not know. He got where he is today by hard work. Yes, his father was a great NBA player but, we do not see too many children of NBA players in the league. It tells of all the hard work where he went to school and how he came to be one of the best players in NBA and even part of how the game is changing. It was a quick and easy read on an amazing young athlete in Stephen Curry. The book goes through Curry's basketball life from when he was young/childhood, to his high school career to college and eventually on to the NBA.

I received a discount on this product in exchange for an honest and unbiased review. I rely on reviews for just about everything I purchase. I pay close attention to critical reviews. With any review, I encourage you to discern for yourself. I find reviews valuable, so I strive to leave valuable reviews. If my review helped you in anyway, please click the "Yes" button that this review was helpful for you.

This book is a really inspiring story about basketball player Stephen Curry!

By Avid Reader

This book is a really inspiring story about basketball player Stephen Curry. I learned so much about Stephen's life and career from reading this book. As I progressed through the pages of this story I felt like I was right there with Stephen through every step of his basketball journey from high school to college to the NBA. I also appreciated how the author wrote about Stephen's life in such a simple and straightforward

manner without filling the book with boring facts and statistics. I expected this book to be simply about Stephen Curry's career. What I discovered is that this is also a very inspirational story about an athlete who faced many challenges in his career and overcame every obstacle to become one of the greatest basketball players alive. I highly recommend this book for Stephen Curry fans of all ages.
