A great read for a mind

By Amazon Customer

I just love this book and the author. I keep thinking about various scenes in the book and how I am working towards taking those step. For example, writing a newsletter on the Christian faith at 2:00 AM in the morning and having this extra ordinary mind to invent earth moving machines that beats his competitors.

By Johnny Jackson

More in-depth than the 1940 book about his life. Enjoyed the read.
