Are You Ready to Finally Find Your Passion?

What's the secret to living a life full of passion, purpose and meaning? The secret is that there is no secret. The answer is hiding in plain sight. This book is different from other books of its kind, because it nudges you to look inside.

In "Find Your Passion: 25 Questions You Must Ask Yourself" you'll dive into questions that will help you uncover what makes you come alive.

You'll learn to follow your inner excitement, which will result in you living a more passionate life.

Wake Up Full of Excitement, Purpose and Passion

Finding and following your passion seems like an easy process. You find your passion, and everything is smooth sailing from there. Unfortunately, it's not quite that easy.

The reason many people aren't living their dreams is because they're held back by ideas, fears and conditioning.

The truth is that you can live the life you secretly dream of living. Deep down, you already know it's doable, but you're afraid, uncertain, or just unsure about where to start.

This book will not just give you cookie cutter advice you've heard before. It will give you questions that allow you to uncover your true passions.

It may not happen overnight like many promise. But this is the first step in the right direction.

These questions will empower you to trust yourself, because you already know what you need to do.

Uncover the Truth About Living a Passionate Life

In this book, you'll dip into the personal stories and experiences of Henri Junttila, who's doing work he loves, and has helped hundreds of others turn up the passion in their life.

Here's a taste of what you'll discover when you read this book:

- How your definition of passion stops you from living the life you want
- A simple way to connect to your inner wisdom (and get the guidance you need)
- How to discover if you're on the right track (or on the wrong track)
- Tap into your personality to uncover your true passion and purpose
- Why using negativity can dramatically increase the positivity in your life
- How to activate the creative problem solving powers of your brain
- Uncovering what's really holding you back from getting what you want

- A powerful exercise that will help you easily overcome challenges in your life

Helpful, but not so thorough

By Thumb

Well, I'm a fresh grad and was a little confused when I first bought this book, not really knowing what to do with my life. So, I was seeking for coaching and inspirations, and this book with some great reviews came to me. Overall, the book does what it claimed. The author provided me 25 steps to realizing my dream and my goal by asking questions and questions so that I got to reflect on my self. It helped me create some workbook on my career path, and I was quite satisfied with the result. I got to know my self a little better.

However, what I actually dislike about this book is that it's too abstract for me. Some ideas are not so practical and somehow sounded dreamy (which may be inspiring for some people but not just the coaching I was looking for). So, if you are looking for some specific, practical, directional books, this one may not be for you. But if you need some mental boost and sparkling inspirations, you may want to consider this one :)

It is about YOUR Passion

By CharlesRein

Henri writes about finding your Passion!

It is not a quick read of 25 Questions, but more a work book to discover Yourself! Your Passions! and then put together the steps necessary to find out who and what your are looking for in yourself.

Henri discovered at a young age it is not about the Money, The world and Travel, but digging deep to discover "What floats your boat".

As I read the first 6 chapters, I thought about my journal and the blank pages, the Video camera and the lack of recordings and just my own personal level of procrastination and lack of staying with a plan to get THERE.

We are often EXPERTS at sloughing through life and getting by.

So if you need to shake your tree and get out bed with an ELAN for live. Then this book is written for action,

reading each Question and putting to paper your thoughts, dreams, desires and creating YOUR Future.

Not about finding your passion, but about the steps to achieve it.

By -Corey

This book is a nice exercise in how to achieve a dream you already have, but if you are still looking for your passion, or feel adrift, this book will not help you find it.
