Useless

By Amazon Customer

This book is probably too honest for it's own good. Sarcasm is abound making you wonder if it's really an area you want to visit or not. Apparently driving is terrible, cars are regularly broken into, get secure parking if you do get a car (although there isn't any), don't drive on the Amalfi coast road or a bus will hit you, nightlife in Positano is non-existent, and you can smell the drains...

If your intention is to learn anything about the Amalfi coast, that region receives coverage on only 35 of the 289 pages. Praiano for example gets around a page and a half of coverage.
