A wake up call to all citizens.

By M. Jones

I learned a lot from this author; things I should have known. I'm grateful that Mr. Wexford wrote this book because it makes me pay better attention to what the law-makers are doing. If we don't know what the constitution gives us, how can we stand against laws that are unconstitutional? It's my God-given responsibility to know the constitution. Because of my lack of knowledge we now have unconstitutional laws on our books. I didn't protest them because I was complacent.

The Senate is the organ that passes laws, yet in some cases, the Supreme Court voted laws into place, when it wasn't their place to do so. (Roe vs Wade was passed by the Supreme Court) The only problem I have with this book is that it's written according to the understanding of one person albeit a well informed one. It's a useful book for every citizen. We need to know these things.

Wake up call.

By Ann

Jon Wexford effectively illuminates freedom our Constitution guarantees and what life would be like without it. More than simply reiterating facts and figures, this work effectively strengthens our country by arming its reader with wisdom, knowledge and understanding of our constitution. A must read for those with any love of country.
