Knowing the means ways to get this book Deeper Shades Of Scarlett By Richard Ogden is also valuable. You have actually remained in appropriate site to begin getting this information. Obtain the Deeper Shades Of Scarlett By Richard Ogden web link that we offer right here as well as check out the web link. You can buy guide Deeper Shades Of Scarlett By Richard Ogden or get it as quickly as feasible. You could swiftly download this Deeper Shades Of Scarlett By Richard Ogden after obtaining bargain. So, when you require guide rapidly, you could straight receive it. It's so very easy and so fats, isn't it? You have to prefer to through this.

DEEPER SHADES OF SCARLETT BY RICHARD OGDEN PDF

The new, sensational, blockbuster (over 100,000 words) from best-selling author Richard Ogden...

A beautiful woman tells a young female doctor of the exciting BDSM lifestyle that she has enjoyed with her master and lover. Before she dies, she convinces the doctor to agree to become the slave of her master.

Dr Jacqueline had become disillusioned with sex that just never seemed to satisfy and had given up on ever finding a partner only to concentrate on her career. She realises that she is immensely excited by the prospect of sexual submission and agrees to spend two weeks with the charming Andrew Scarlett as his slave. Not a girl to do things by halves, Jacqueline boldly takes on everything that her master subjects her to. She finds herself falling deeply in love with Scarlett the man but develops an even deeper love for the variety of scarlet marks that he leaves on her body.

Jacqueline makes friends in Phoenix Arizona where Andrew is working. To these people, the cane and the whip along with other devices all play a part in their intense lifestyle of sexual submission and torture and the young doctor fits right in. She is invited to a pony farm and is introduced to a strict lifestyle where failure to achieve results in severe punishment.

She returns to Australia with a body battered and bruised but with a realisation of what she needs to satisfy her sexual longings.

On her return, she discovers that her sexual proclivities are not as unusual or as far from home as she thought.

A very raunchy book

By Bruce H. Mcnaught

This book is a fantasy about a female doctor who discovers a world of BDSM.

Along with a very believable story with some poignant moments there are a plethora of well described and deeply erotic bondage and torture experiences.

It is great to read a story which explores a submissive woman's acceptance of a relationship in which she agrees to accept everything that her master decides to subject her to.

The only problem that I found in reading this book was that I got so turned on as I read it that I needed to take "Time out".

It is a book that couples could read together and it would very likely get them thinking of exciting things that they could do together.

An interesting part of the book is that the heroine gives her master carte blanche to subject her to anything that he wishes to do with her knowing that he has previous experience and will not do anything that is physically dangerous. She knows that if she placed safeguards in place, like a safe-word, she would be able to "chicken out" and almost certainly would before experiencing the magic of a deeply powerful erotic BDSM experience.

An amusing aside of the book is the funny way that the author deals with the many differences in the way Americans speak and the way Australians speak and their way of life.

This book is a serious work well over 100k words in length and would be a great read even if it were not for the deeply erotic sections. I have never experienced an erotic novel that has the depth of this work

Nonconsensual BDSM

By Michael J. Chamberlin

On the face of it this is a straight-forward novel about the introduction of a new sub, Jacqui, to BDSM by a Dom, Andrew. What is unbelievable, is that the Author describes the Dom as refusing to let Jacqui use a safe word! The notion of a new sub, planning to scene for the first time with a man she has only recently met with no safe word goes against the principles of safe, sane and consensual that any responsible Dom would accept. The potential for severe legal action against the author and publisher is high. Amazon should not be selling this book. I have returned the book to Amazon.
