THE PIT BY FRANK NORRIS PDF

The Pit could be taken from today's headlines: a businessman begins speculating in the commodities market on a small scale until, overcome by greed, addicted to the art of the deal, and harboring an ever-increasing appetite for power, he gambles recklessly in the market while the fortunes of farmers and small investors hang in the balance. At the same time, his independent-minded young wife, bored with domesticity and feeling abused by his neglect of her, risks her marriage by contemplating an affair with a former suitor. By interweaving the conventions of the business plot and the romance plot in this manner, Frank Norris broke with the traditions of his time and brought a fresh perspective to the American novel.

This is probably the most disappointing product I've ever purchased. This is a computer text to speech reading the classic novel. It does such a disservice as an audible book I don't even have the heart to send it back. I just simply dropped it into the trash. There was no heads up the product information that this was an electronic production. Very misleading and greatly disappointing. They should be ashamed that the price tag they put on it.
