DYING SCREAM BY MARY BURTON PDF

The killing just won't stop as a ruthless psychopath revisits his greatest obsession--but this time, a Richmond, Virginia homicide detective is determined to stop him in his bloody tracks. . .

An aspiring artist. A high-school senior. A stripper. Three missing women with only one thing in common--wealthy Craig Thornton knew them all. For that, they paid the ultimate price.

When Craig's widow, Adrianna, begins to receive cards and flowers from her late husband, she assumes it's someone's cruel joke. Then grisly remains are found on the Thornton estate. Detective Gage Hudson believes the bodies are linked to Craig. But the biggest shocks are yet to come. A psychopath has resumed his work, each death a prelude to his most cherished target. The only way to stop him is to uncover a family's dark past--and a twisted love someone will kill for, again and again. . .

Big Fat "Meh."

By Carolina West

I really can't think of much to say about this book (and boy did that turn out to be a lie). The story's fine, I guess, but there's errors all over the place. Extra words that have some sentences making no sense, commas and periods where there shouldn't be and not where they should be. I don't know how long Burton was writing when this one came out, but she and her editor should have looked it over a few more times before putting it through. The characters are another thing. Despite how long we spend with some of them, it doesn't feel like we learn anything about them at all, almost like they themselves and their relationships were an afterthought to the (relatively weak) murder plot.

Oh, and did I mention how freaking repetitive it is? I feel like I've read the phrase "ran/shoved/pushed long fingers through his/her hair" a hundred times by now and it's starting to not sound like words anymore. There are also a lot of places where the phrasing just sounds redundant and I found myself mentally changing it as I read so it flowed more. I've read the middle book in the trilogy, *Dead Ringer*, a couple times and it's a lot better than this one. Fewer errors, more time spent on the developing romance between detective and psycho-target, not to mention on the characters in general. This one just feels like she was too close to the release deadline to really give it the attention it needed. I'm reading *"I'm Watching You"* after this and I'm just really hoping it doesn't have the same problems as this one does, otherwise I might think twice about buying her books again.

An excellent suspenseful book as usual

By trickydicky

Mary Barton has a way of keeping you guessing about whodunit. If you do guess, you are never sure you are right until the very end. I liked the characters, especially that there were so many and you felt you knew all of them to some extent. If you like a romantic suspense you can't put down, you can't go wrong with a book by this author.

Another Great Thriller by Ms. Burton

By Angie Mike

This was another great thriller by Ms. Burton that had me on the edge of my seat. Although it's not necessary, I'd recommend reading *'Dead Ringer'* first since details about Adrianna's past are revealed in that story. I really liked Gage who has made it his mission to find the missing and bring a sense of peace to their families. He's a hard man and singularly focused on his job which makes it hard to have a lasting relationship. Adrianna honestly wasn't the most lovable heroine, but she did end up growing on me. As the dead bodies pile up, the mystery just kept throwing me through loops. I had ideas but never could pin down who the killer was exactly. There were a couple of big surprises at the end which I didn't see coming either. Overall it was a thrilling read that flowed well and had just enough shock value and suspense to keep me reading. As is usually the case with this author, I do wish there had been more effort put into the romance. I still love her stories though and can't wait for the next one!
